Contents

List of Tables	4
Chapter 1 Introduction.....	5
Levels of evidence and strength of recommendations.....	5
Recommended drinking limits	7
Healthy Adults.....	7
Minors.....	7
Pregnancy and breastfeeding	8
References	8
Chapter 2 Prevalence of Alcohol Consumption and Related Harms in Australia..	9
Key points.....	9
Patterns of consumption	9
Gender differences in patterns of consumption	10
Age differences in patterns of consumption.....	11
Alcohol consumption among Indigenous Australians	11
Alcohol- related harm - Indigenous people.....	12
Alcohol-related harm in general	12
Regional variations in alcohol-related harms.....	12
Mental health	13
Physical health.....	13
Social costs.....	14
References	15
Chapter 3 Screening, assessment and treatment planning	17
Screening.....	17
Where to screen?.....	17
How to screen?.....	19
Comprehensive Clinical Assessment	26
Purpose of assessment.....	26
Diagnostic interviews	26
Treatment Planning.....	37
Identifying suitable interventions and developing treatment care plans	37
References	41
Chapter 4 Brief interventions.....	51
What are brief interventions?	51
Who to target for brief interventions?	51
How to deliver brief intervention	52
Who can deliver brief interventions?	54
Where should brief interventions be delivered?.....	54
Limitations of Brief Interventions	67
Summary	68
References	69
Chapter 5 Alcohol withdrawal management.....	74
Alcohol Withdrawal Syndrome: Clinical Presentation	74
Assessment and Treatment Matching.....	76
Supportive Care.....	82
Medications for Managing Alcohol Withdrawal	86
Treatment of Severe Withdrawal Complications.....	98
Wernicke's Korsakoff's Syndrome.....	104
References	107
Chapter 6 Psychosocial Interventions for Alcohol Use Disorders	114
Overview of Psychosocial Interventions	114
When to Use Psychosocial Interventions	114
Choosing Psychosocial Interventions: A Stepped Care Approach.....	115

Motivational Interviewing.....	115
Cognitive Behavioural Interventions.....	119
Specific cognitive-behavioural interventions.....	121
Other Counselling Strategies	130
Relapse Prevention Strategies.....	131
Residential Rehabilitation Programs	132
References	133
Chapter 7 Pharmacotherapies for alcohol dependence.....	142
Overview of Pharmacotherapies	142
Naltrexone	144
Acamprosate.....	150
Combined Acamprosate and Naltrexone.....	155
Disulfiram.....	156
Other medications.....	159
Integration with psychosocial treatments.....	163
Increasing medication adherence	163
Selecting medications for individual patients	164
References	164
Chapter 8 Self-help programs	170
Alcoholic Anonymous (AA).....	170
SMART Recovery®.....	174
Self-Help for Families.....	175
References	176
Chapter 9 Specific populations.....	179
Adolescents and Youth	179
Pregnant and breastfeeding women.....	186
Aboriginal and Torres Strait Islander Australians.....	189
Older people	193
Cognitively impaired patients	199
References	204
Chapter 10 Comorbidities.....	217
Alcohol-related physical comorbidity	217
Co-occurring Mental Disorders.....	222
Polydrug use and dependence.....	239
References	242
Chapter 11 Aftercare and long-term follow-up	251
References	255

List of Tables

Table 1.1: Categories of evidence and strength of recommendations	6
Table 2.1: Percentage of the population aged 14 years and over at risk of long-term harm by gender, 2001 and 2007	10
Table 2.2: Percentage of the population aged 14 years and over at risk of short-term harm by gender, 2001 and 2007	10
Table 2.3: Percentage of the population aged 14 years and over at risk of harm in the long term by age group, 2001 and 2007	11
Table 2.4: Prevalence of DSM-IV alcohol abuse and dependence by gender	13
Table 4.1: FLAGS brief intervention structure	53
Table 5.1: Signs and symptoms of alcohol withdrawal	74
Table 5.2 Post-ictal signs and symptoms: comparing epilepsy and alcohol withdrawal seizures	100
Table 8.1: The 12 steps of Alcoholics Anonymous	171
